Cass & Ty Photo Co.

If you're looking for that picture perfect venue that embodies Colorado, look no further than Arrowhead Golf Club. Between the ancient red sandstone rocks across the horizon, the breathtaking Rocky Mountain backdrop and its emerald green golf course, this venue offers endless views and opportunities for an unforgettable wedding experience.

Our property has been years in the making, featuring extreme elevation changes, abundant wildlife, and thousands of feet of ancient red sandstone rocks towering majestically above the fairways.

Arrowhead Golf Club offers that iconic Colorado backdrop without having to make the long trek into the mountains. It's conveniently located in Littleton, just 40 minutes from downtown Denver, offering an easy and painless commute for your guests.

Inclusive Food Packages

Elevate Photography

We offer 3 food packages which are all priced to include the mandatory service charge and sales tax. This helps make calculating the budget very easy. Each package will include a variety of options including butler passed or stationary hors d' oeuvres, plated or buffet dinner + late night snacks.

Each package can be customized with a la carte options if you're looking for a higher end culinary experience. Your food package can be adjusted up until your detail meeting a few months before the wedding, giving you plenty of time to make adjustments based on budget, guest count, etc.

02

Plated Dinner

Included in your inclusive food packages will be your choice of either a plated or buffet dinner. There is no price difference for either option. There are pros + cons to both service styles and our events staff is happy to walk you through those when it's time to make your decision.

Plated dinner tends to be slightly more popular. We highly encourage a duet plated entree. This includes the couples selection of 2 proteins each served on the same plate to all guests. Seen as an upgrade option, this allows your guests to have multiple proteins without the headache of tracking individual selections for each guest. We will always provide alternative meals to accommodate for any required dietary restrictions.

03

Buffet Dinner

Another popular dinner service is buffet. This option is included in each of our inclusive food packages. You will get to choose multiple first course options, entrees and accompaniments. Carving stations are also available as an upgrade or in our top tier package.

Buffets provide a more casual wedding dinner experience and allow for your guests to make their own plates. There are many other pros + cons when choosing between plated or buffet and we are happy to help you make that decision based on the specifics of your wedding day.

Inclusive Bar Packages

We offer a variety of bar packages and options. Our most popular option will be our inclusive bar packages. These are priced for 4 hours of drinking including cocktail hour. Our inclusive price already calculates the required service charge + sales tax for easy budgeting. Packages are priced per person.

Our packages will range from Beer + House Wine, Beer + Premium Wine, Call Liquor, Premium Liquor up to Super Premium Liquor. All liquor packages will also include your choice of 2 Signature Cocktails to be served at the bar all night.

02

Consumption

Some groups may not include enough guests for you to justify spending the cost of a bar package that is priced per person. In that instance, we would recommend a consumption bar.

This allows you to put a flat dollar amount towards the bar costs and we will track each drink towards that total. Choose what drinks you would like to host and we can have the rest available for cash purchase at the bar. Night of if you decide to continue hosting the bar beyond your predetermined amount, no big deal! We are happy to accommodate last minute requests.

03

Cash

Perhaps you don't have many guests that drink at all or you just decide you don't want to provide alcoholic beverages the night of your wedding. For a small bartender fee, we can have a bar staffed all night for your guests to purchase any drinks they'd like.

meet our team

Chantal Steputis

Sales Manager

I have worked in the wedding + event industry for over 15 years in many different aspects including selling wedding gowns, doing bridal hair + make up, as a Catering Sales Manager and as a Sr. Sales Consultant for a wedding photography & videography company to name a few. I've focused my career on Golf Club weddings, both private and public since 2015. My event story began in St. Louis, MO and has taken me from Southern California to Colorado, where I've always dreamed of living!

Jen Cobb

Private Events Coordinator

I'm a Midwestern gal that truly loves organizing and being creative in all aspects of my life. I want to make a difference in the experience of a wedding day so that the lovebirds can fully enjoy themselves with family and friends. I have been in the wedding industry since 2013, and the personal elements of weddings are always what leave a lasting impression for me. While it's hard to pick just one part, seeing the groom's face when his partner walks down the aisle has to be the most emotional moment for me and my favorite. When I am not helping out with your wedding, I'm usually in the mountains skiing, at the park with friends/family, or exploring fun mountain towns. I am excited to meet you!

Lindsay Bullock

Private Events Coordinator

I am Colorado native who grew up locally in the Roxborough area. I recently graduated from Kansas State University with my degree in Hospitality Management and an emphasis in Event Management. I've been in the hospitality industry for about 5 years now and I love all the people I get to meet and connections I get to form. My favorite part about weddings is when the couple gets to see each other for the first time whether it be during a first look or while walking down the aisle!
